WORK EXPERIENCE

Reputation.com, Chicago, IL
2016 - Present

Web Developer

Design, develop, and deploy fully responsive and interactive websites, using HTML, CSS, JavaScript, and Mustache.js. Integrate with RESTful API's to build interactive widgets powered by JavaScript. Ideate and engineer feature enhancements for our admin UI application using React.js. Design and maintain a library of pre-built templates that has cut development time by half.

Freelance, Chicago, IL
2015 - 2017

Web Developer

Provide WordPress and SquareSpace theme customizations, using HTML and CSS.

EDUCATION
